

Create your own course site

Taught by:
Miriam Taylor
of T-3 Consulting

Ms. Taylor is a Technology Integration Specialist, specializing in online teacher training and course creation. She is sole proprietor of T-3 Consulting. T-3 represents Taylor Technology Tools and provides educational technology training and materials to local public and private school districts, as well as educational organizations. Ms. Taylor has been actively involved in public education for the past 10 years. She received her masters degree in Educational Technology from Western Michigan University and her certificate for Michigan Virtual High School Online Instructor Training.

Learn how to create your own course site in Moodle

Come to this workshop, and learn how to create your own Moodle course site. We will help you set up your course site and organize it. We will also learn how to add content and use many of the basic Moodle tools. We'll create a discussion board, quiz, chat and online assignments. Finally, we'll look at administrative tools, like setting up groups and the gradebook. An instruction packet will be provided, and you may bring a few materials you would like to add to your site.

Cost: \$25.00, includes materials.

Register online at:
